## About Me

I am Md.Mehadi, an Diploma Engineering student in Computer Science & Technology (CST) at Govt. Graphic arts institute. I'm specialized in Web Application Development, Front end Web Design & Dynamic Website sector (full Responsive), Over the last years, I have developed a wide range of websites using, WordPress, Woocommerce, Bootstrap, HTML/HTML5, CSS/CSS3, javascript, and JQuery, including sites for startup companies, Big and Small businesses as well. Special experience in computer software and hardware. I have 4 years of experience in computer basics.

## Skills

Solution-driven web developer adept at contributing to highly collaborative work environment and finding solutions. Proven experience developing consumer-focused websites using **HTML5, CSS3, Bootstrap, WordPress, J-Quary Plugin** and **JavaScript**.

Good knowledge of the best practices for web design, user experience, and speed.

## Personal Skills

Shikhbe Shobai is a Training institute and I trained and learned Successfully in Web Designing and Development Sector. Also, I learned how to organize a career and make it successful. Built career development platform using full stack. Designed and built 20+ websites using WordPress. Collaborated with Mentor and designers to develop and implement efficient, flexible, and reusable user interface components using object-oriented JavaScript, HTML5, CSS3, Bootstrap, and jQuery plug-in. Resolved responsive design and cross-browser issues for Safari, Firefox, and Chrome. Ensured the performance, quality, and responsiveness of 10+ websites.

## Other Skills

Adobe Illustrator  
MS Office  
Adobe Photoshop  
Git & Github etc.
